

USB/BLUETOOTH® SMART SPEAKERPHONE

FEATURE SPOTLIGHT

- Keep the focus on your voice, not the background noise with a multimicrophone steerable array for echo and noise reduction.
- Let people talk simultaneously for natural conversations without missing a word with full duplex audio.
- Get more done and get in the groove—using this portable speakerphone + portable charger + high-performance speaker, all in one.
- Enjoy more clarity on every call thanks to the bass reflex system with dual passive radiators for natural voice and deep bass.
- NFC one-touch connection, sound transmission is fast and cool.
- Users enjoy easy connectivity however they want to work—connect wirelessly via Bluetooth or wired via USB-A to USB-C cable.
- Work on the go all day long—the battery stays charged for up to 10 hours.

NEXVOO N710 SPEAKERPHONE

The development of enterprises is changing rapidly. Joining virtual meetings should be fast too. Nexvoo N710 USB/Bluetooth smart speakerphone lets users get straight to work. Designed for flexible and huddle workspaces, its sound is remarkable. Everyone can hear and be heard without missing a word with multi-microphone array and full-duplex audio. No power outlet? No problem. Nexvoo N710 is battery-powered for hours so teams can use it anywhere in the room.

- Works with computers via USB and with smartphones via Bluetooth.
- Slim and portable
- Highly visible status light.
- IP65 dust and water-resistant.
